

## WINTER 2020 EDITION

---

Use these links to take a deeper dive into Orchard Sequoia's Hematology module, read about how Orchard Collect improves patient safety and turnaround times, and learn how to schedule automatic reports. You can also read a summary of our latest white paper on improving lab productivity. We highlight our knitting service project for Special Olympics Indiana, shine the spotlight on our new CEO, and, of course, share Orchy's hints on his latest whereabouts.
