## **Orchard Software Corporation honored as a 2023 VETS Indexes Recognized Employer**

VETS Indexes is excited to announce that Orchard Software Corporation has earned the designation VETS Indexes Recognized Employer in the 2023 VETS Indexes Employer Awards. The award recognizes the organization’s commitment to recruiting, hiring, retaining, developing, and supporting veterans and the military-connected community.

“Orchard Software Corporation has demonstrated a commitment to recruiting veteran and military-connected employees, and then helping them grow and develop into leaders,” said George Altman, managing director of VETS Indexes.

“As more and more employers recognize the cutting-edge technical skills and soft skills veterans bring to the workplace, the race to attract military-connected talent gets increasingly competitive. The number of organizations participating in the 2023 VETS Indexes Employer Awards more than doubled since last year – but even in this highly competitive environment, Orchard Software Corporation distinguished itself among veteran employers and should be commended,” Altman said.

“Orchard Software is honored to be acknowledged as a 2023 VETS Indexes Recognized Employer. We greatly appreciate all who have served our country and are proud to have many veterans on our team. We are fortunate to have employees who are veterans excelling in every area of our business who are working to design, deliver and support leading edge laboratory solutions that improve efficiency, reduce errors, and enhance integration, adds Billie Whitehurst, Orchard Software CEO.
